WHO WE ARE

QUALITY AND SERVICE YOU CAN RELY ON

Weissenfels TPC is a dynamic and modern international business. Our goal is continuous and profitable growth whilst maintaining a high level of social responsibility for our natural resources and environment.

Because of our innovative organizational, operational, and cultural approach, our products give us a clear leadership position across the markets and industries we operate in.

With a long experience and expertise, you can rest assured that we develop future-oriented solutions through continuous research and development and product innovation. Our wide range of chain systems and components are used across a plethora of applications. We see our products as the result of our passion, creativity and excellence in our core competences; metal working, forging, welding, heat treatment, and surface technology. Long-term partnerships with our customers their satisfaction, and trust in our products is at the heart of everything we do.

We strive to offer customer orientated, innovative, top quality, technologically advanced safe products.

This is our joint responsibility as a company and partner.
